

How to make the Call

1) Dial the relevant Instant Saver access number

(note access numbers to international mobiles may be different for landlines. Check list before calling)

2) Once connected, immediately dial your international number in full beginning 00...

(You do not have to wait until the end of the message before dialling)

3) That's it. - There are no accounts to open or extra bills to pay. You are only charged for calling the relevant access number which will appear as an itemised call on your BT, Cable or Mobile phone bill.
